**Office Solutions Named One of the Fastest-Growing
Private Midsize Companies by Orange County Business Journal**

YORBA LINDA, CA, October 11, 2016 – Office Solutions, Southern California’s largest independent commercial office products and services’ supplier, has been named to the exclusive list in the *Orange County Business Journal* as one of the Fastest-Growing Private Midsize Companies.

During the period of June 2014 through June 2016, Office Solutions has achieved a 37.7% increase in revenue and continues to grow their local and regional footprint. The company attributes its growth to their continued excellence in servicing businesses of all sizes within multiple verticals. Each and every Office Solutions’ national account program is individualized, designed with flexibility to fit the customers’ product and service needs.

“To be included in this list is a significant achievement and we are pleased to be amongst many growing companies in Orange County.” said Bob Mairena, President of Office Solutions. “We owe our success to our customers who have chosen Office Solutions as their sole service provider for all of their business needs. Our team’s innovation, drive and dedication to our customers and vendors were instrumental to our growth. This approach emanates from our value system, integrating technology, people and processes.”

About Office Solutions

Office Solutions is the largest independent commercial office supplier in Southern California. In addition to office products, Office Solutions also owns and manages Gale Supply Co., a janitorial supply provider, and OS Business Interiors, a full-service commercial furniture dealership. Serving national corporate accounts throughout the United States with next-day service, Office Solutions offers the most advanced procurement systems in the industry. They continue to be recognized for their commitment to the environment and for encouraging employees to contribute their resources to local charities. For more information, visit OfficeSolutions.com.
